TECHNICAL SKILLS

Frontend	React • JavaScript • TypeScript • Redux • Vue • Next.js • HTML , CSS • Material UI • Semantic UI
Testing	Jest • React Testing Library • Unit & Integration Testing • Selenium
Architecture & APIs	REST APIs • Webhooks • Modular Architecture
Backend and Database	ExpressJS • PHP (Laravel) • MySQL • MS SQL
Tools	Git/GitLab • Jira • Confluence • PhpStorm • VS Code
Other	Responsive UI • Agile/Scrum • PowerBI

WORK EXPERIENCE

Software Developer
Seventhings
(12/2023 – Present)

- Built and shipped 15+ frontend features using React, TypeScript, Redux, and Jest, enhancing product usability and stability.
- Integrated AI features into the frontend via API-based model services, improving interactivity and user experience.
- Developed 20+ modular and reusable UI components, reducing code duplication by 30% and speeding up development cycles.
- Created responsive interfaces focused on usability and performance.
- Maintained 50 - 60% unit and integration test coverage, decreasing regression bugs by 40% and ensuring high code quality.
- Collaborated with cross-functional teams (design, backend, product) to deliver features ahead of schedule and support smooth release cycles.

Software Engineer
twentyZen GmbH
(01/2021 - 09/2023)

- Developed frontend features for a Immobilien client using React, JavaScript, and Material UI, improving UI consistency and performance.
- Built a responsive e-commerce interface with React and integrated APIs and payment flows for smooth user experience.
- Created reusable components and ensured quality with Jest and React Testing Library.
- Integrated REST APIs, webhooks, and various authentication methods (OAuth, JWT, API keys) for seamless frontend–backend communication.
- Contributed to low-code UI workflows using JavaScript and Node-RED to speed up feature delivery.
- Provided mentoring on frontend best practices and supported adoption of modern technologies.

Work Student
inovisio communications GmbH
(05/2020 - 08/2020)

- Developed application features using JavaScript/PHP (Laminas), created Selenium test cases, and supported MySQL-based functionality.

IT Internee
Parker Hannifin Manufacturing Germany GmbH
(10/2019 - 04/2020)

- Built dashboard views with PHP Blade, created analytical PowerBI dashboards, and automated reporting workflows using VBA and SSIS.

EDUCATION

MASTERS IN WEB ENGINEERING
Technische Universität Chemnitz, Chemnitz, Germany
(11/2017 - 08/2020)

BACHELORS IN SOFTWARE ENGINEERING
National University of Modern Languages, Islamabad, Pakistan
(06/2012 - 09/2016)

CERTIFICATIONS

React - The Complete Guide 2025 (incl. Next.js, Redux) by Maximilian Schwarzmüller
